

**Did you hear the one about  
the billionaire who  
buys a sports  
team and wants  
Brooklyn to  
pay?**

**(Guess that's why he's a billionaire!)**

**NO JOKE!** An independent economic report concludes that **Bruce Ratner's proposed Nets arena complex will LOSE half a billion dollars of New York City and State taxpayers' money.**

Brooklyn would welcome a major league team, but Ratner's sweetheart deal isn't about basketball, it's about real estate. Don't throw our tax dollars away to subsidize a billionaire.

**[www.developdontdestroy.org](http://www.developdontdestroy.org)**

We oppose this over-subsidized plan, which benefits a private developer over the communities and taxpayers of New York.

**Our Communities. Our Taxes. Our Choice!**
